Subject: Air Modeling Results
Attachments: NFE LA DWP - Preliminary Air Modeling Results_Draft 20220816_with Attachments.pdf

Hi Galia,

As we discussed, please find attached our air modeling results. The EPA will confirm our modeling results as part of their air permitting process. The results, based on our approved protocol with EPA demonstrate that the project will not exceed any national ambient air quality standards (NAAQS). Please let me know if you have any questions or need additional information.

Thank you,

Komi
